- Privacy
- Search terms
- Site Map

Header

Module Name: Header

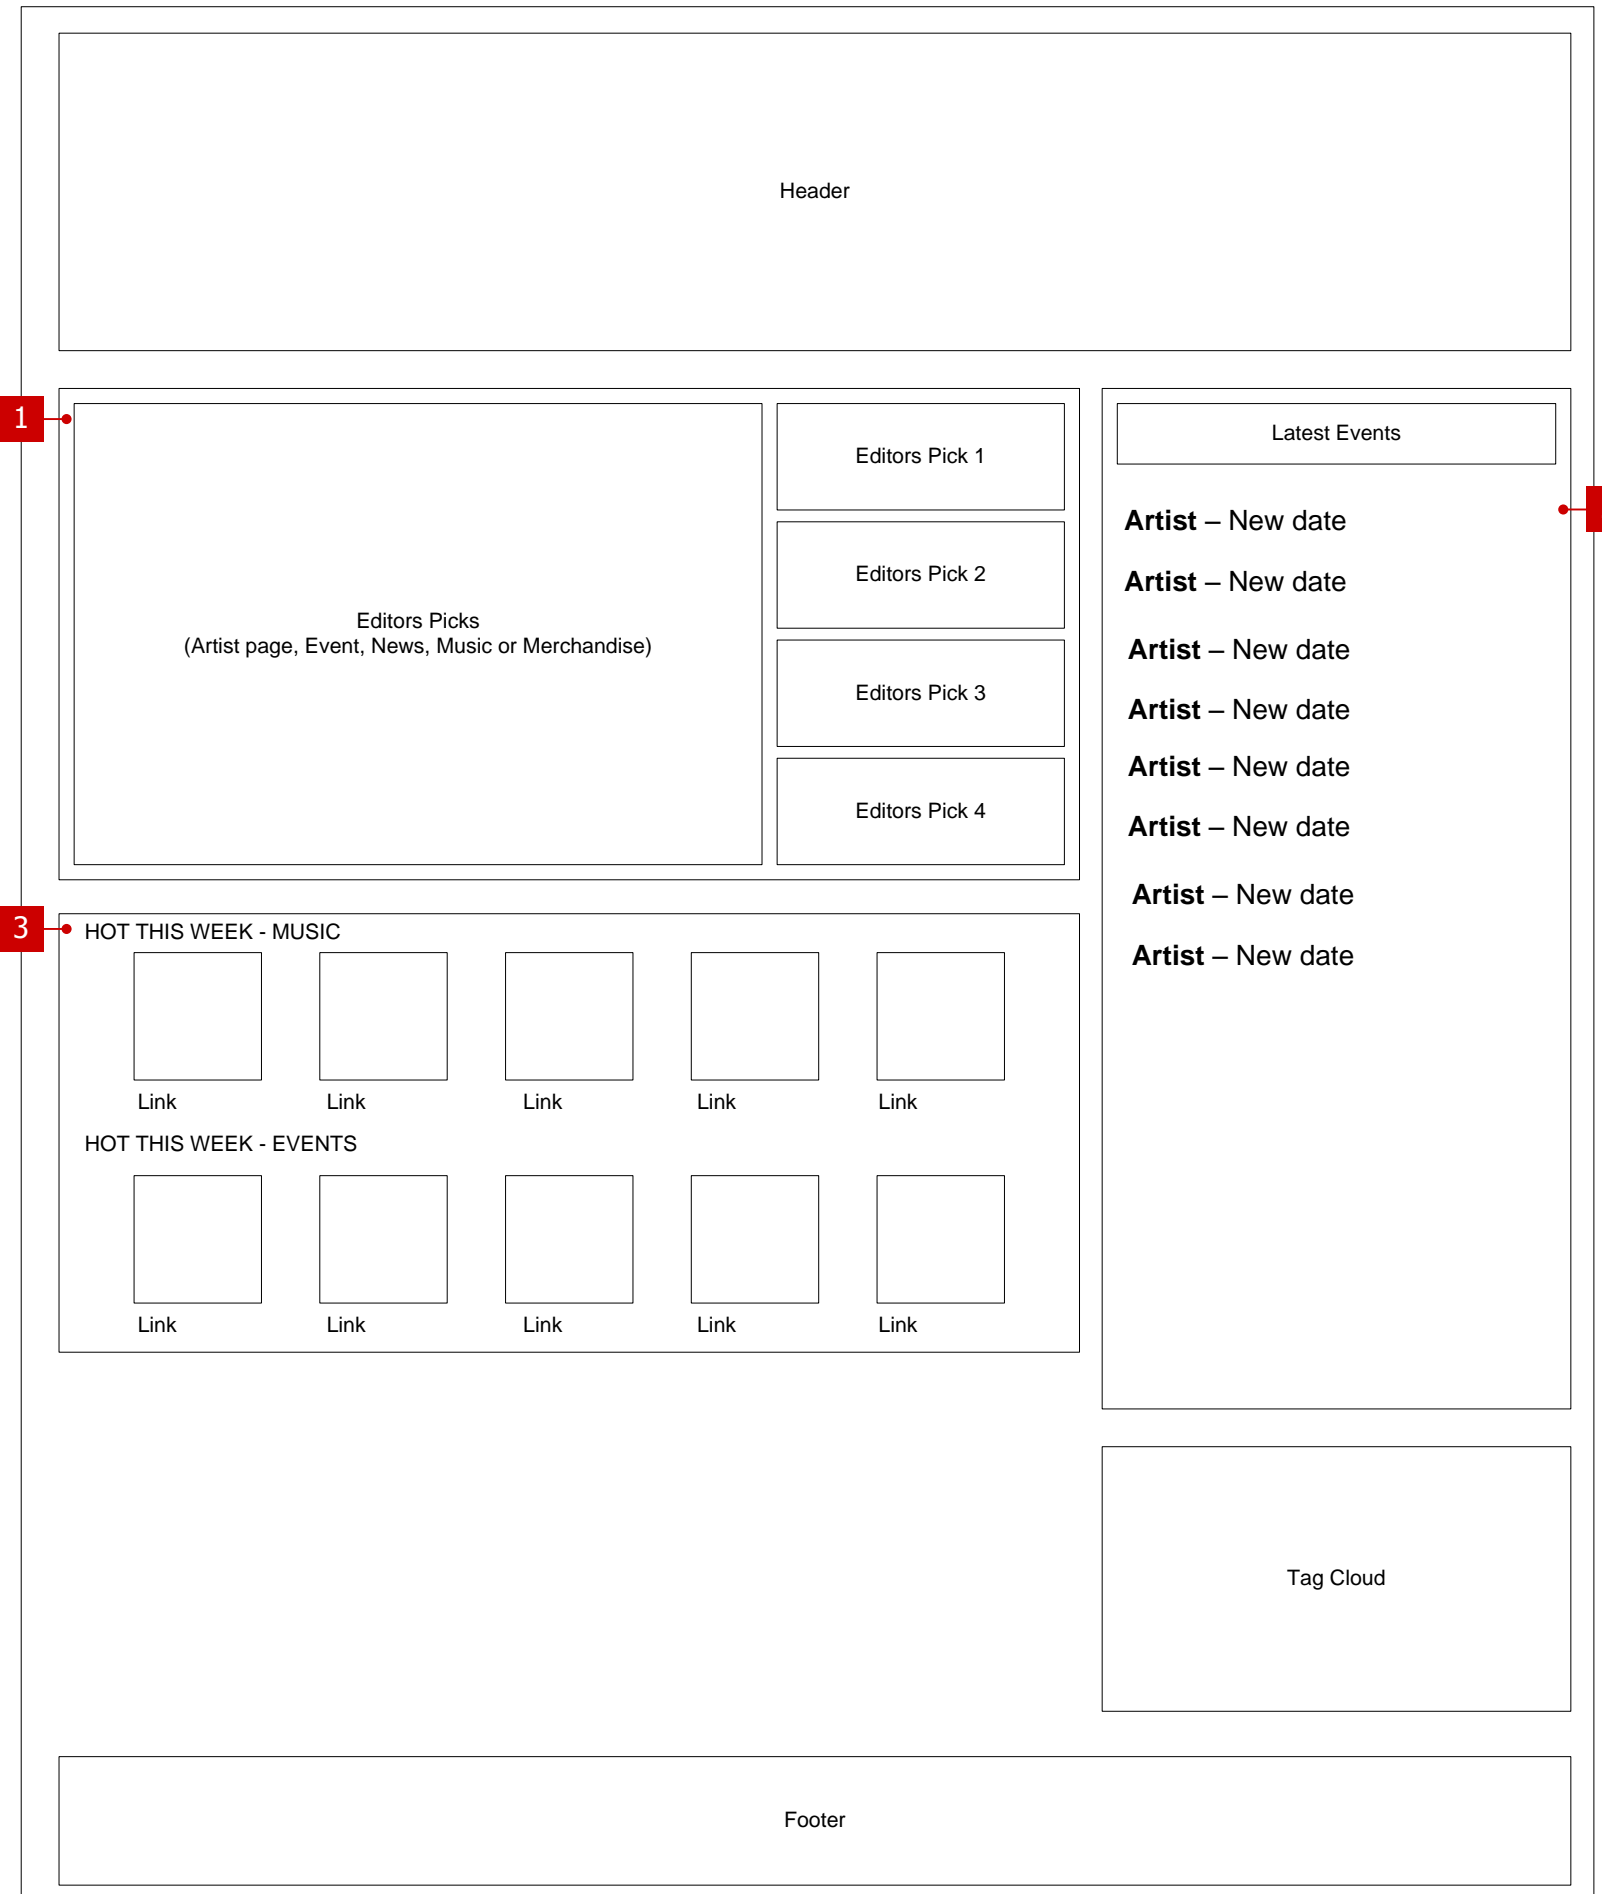

- 1 My Account** – Links to users account detail.
- 2 Top Navigation** – Links to main areas of site and remains persistent throughout.
- 3 Site search** – Users can enter any search term here. For example a city, a band or date range should all return search results. Predictive text will help users complete their search term.
- 4 Search filter** – Users can filter search terms in date range or a single specific date.
- 5 Breadcrumb** – The breadcrumb appears one users Explore beyond the top level categories
- 6 Search filter** – Users can filter their search by product type. (Artist, Event, Music, Merchandise or News). If a search filter entered then 'Category Search' is skipped as a category has already been chosen.
- 7** If user is not logged in then Login or Register links are displayed. If user is logged in then a 'Logged in' message should be displayed.

Home Page

Module Name: Overview

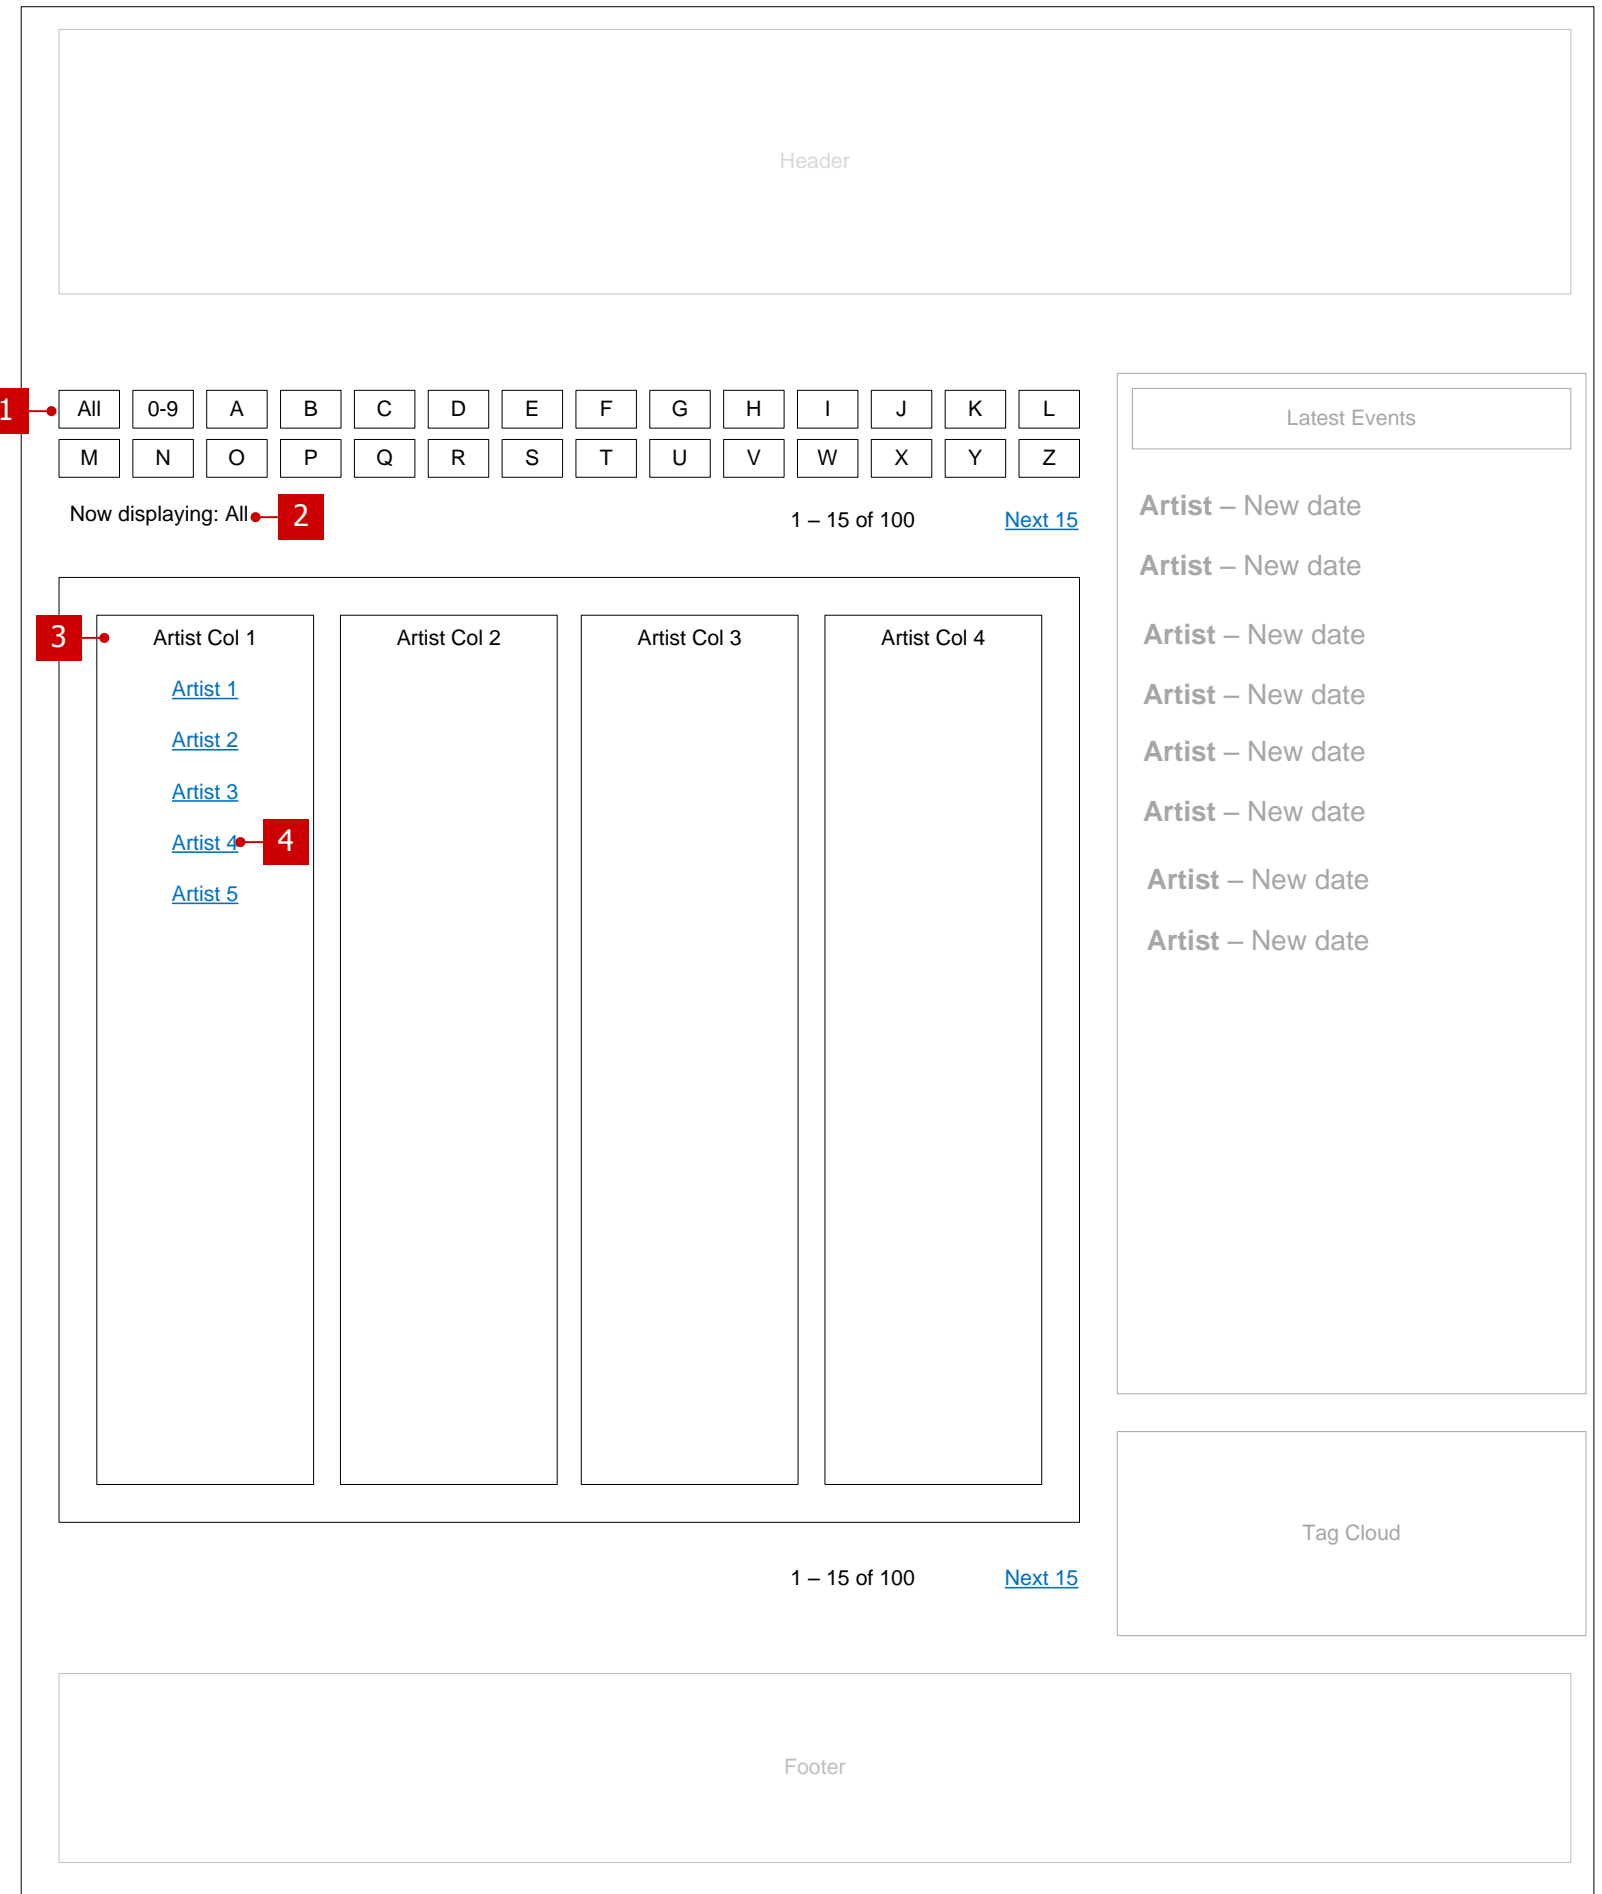

- 1 Carousel Hero Offers** – A mix of Four news items, events and / or products rotate. If user mouse overs a Sub Hero then the Hero offer changes to show details of the sub hero and animation stops
- 2 Latest Events** – Latest ticket releases, available tickets taken from See API with a manual override. NB Ordered by date event is announced not the date of the event.
- 3 Hot this week** – Images linking to album and events. This is manually edited and updated though the Admin screens.

Artists Home Page

Module Name: User defined option a [list view]

- 1 **A-Z Filters** – User clicks on a letter to display only the artists starting with that letter
- 2 **Now displaying** – Informs user what the display of artists has been filtered by.
- 3 **Artist Columns** – Artists listed in columns across the page
- 4 **Artist Link** – Links to the Artists Home page

Artist page

Module Name: Overview

- 1 Tab Navigation** – Used to navigate through Artist area
- 2 News** – News pertaining to the featured artist
- 3 Music** – Albums, singles and Eps released by the Artist
- 4 Merchandise** – T-shirts, sweatshirts, posters etc featuring the Artist
- 5 Similar Music** – Related or similar artist that the user may be interested in
- 6 Events** – List of tour dates. Sold out dates marked as such
- 7 Similar Events** – List of tour dates for similar artists. Sold out dates marked as such.
- 8 Related Links** – Links to Artists Facebook, Twitter, Official Website and any other link required. Edited manually through the Admin area.

The wireframe illustrates the layout of an artist page. At the top is a 'Header' area. Below it is a navigation bar with tabs for 'Artist Home', 'News', 'Tickets', 'Music', 'Merch', and 'Biography'. The main content area is divided into several sections: a large 'Image of artist' box; a 'NEWS' section with two news items, each featuring a placeholder image, a headline, and a short paragraph of text; a 'MUSIC' section with five album covers, each with a 'Link' and a price of '£7.99'; a 'MERCHANDISE' section with five product images, each with a 'Link' and a price of '£7.99'; and a section titled 'Other music you might be interested in' with five more album covers, each with a 'Link' and a price of '£7.99'. On the right side, there are three vertical sections: 'Latest Events' with a table of venue, city, date, and 'Get Tickets' links, including one 'SOLD OUT' event and a 'More' button; 'Similar Events' with three artist names and 'View tour date' links, plus a 'more' button; and 'Related links' with links for Facebook, Twitter, Artist Website, and My Space. A 'Footer' area is at the bottom.

Artists News

1 News – News Headlines and teaser text pertaining to the featured artist. Clicking on the headline, image or read more link takes the user to the full story. News stores are added manually via the CMS

2 Date order – News items are ordered by date with a manual override.

3 Read more – Links to full news story

Artists Music / Physical Product

1 Hero Offers – could rotate between any number of offers and promotions. Module does not appear if no offers are there.

The wireframe shows a page layout for an artist's music section. At the top is a 'Header' box. Below it is a box for 'Artist name'. A navigation bar contains buttons for 'Artist Home', 'News', 'Tickets', 'Music' (which is highlighted), 'Merch', and 'Biography'. A large 'Rotating Hero Offers' section is marked with a red '1' on its left side. Below this are three sections: 'ALBUMS', 'SINGLES', and 'Compilations', each with five placeholder boxes and a 'Link' label underneath. To the right of the main content are three vertical modules: 'Latest Events' with a table of Venue, City, Date, and Get Tickets (including a 'SOLD OUT' badge and a 'More' button), 'Similar Events' with a table of Artist and View tour date (including a 'more' button), and 'Related links' with links for Facebook, Twitter, and Artist Website. A 'Footer' box is at the bottom.

ISSUE
Should this page include compilations and remixes that feature the Artist?

Tickets Details

Module Name: Overview

- 1 Order by** – User can order the Tickets by Artist, Venue, City or Date
- 2 Next** – Links to next page of events where a previous link will also appear.
- 3 Ticket listing** – Line listing of events ordered by date
- 4 Artist link** – Links to the Artists page
- 5 Get Tickets** – Links to See tickets for ticket sale

PLEASE NOTE: This comes from See Tickets Feed

The wireframe shows a page layout for 'Tickets Details'. At the top is a 'Header' box. Below it is a table listing events. The table has columns for 'Artist', 'Venue', 'City/Town', 'Date', and 'Get Tickets'. Annotations 1-5 point to specific elements: 1 points to the 'Date' header, 2 points to a 'Next 15' link, 3 points to the 'Artist' column, 4 points to an 'Artist' link in a row, and 5 points to a 'Get Tickets' link in a row. To the right of the table is a 'Latest Events' sidebar containing a list of 'Artist - New date' items. At the bottom of the table area, there is another '1 - 15 of 100' and 'Next 15' link. The page ends with a 'Footer' box.

News Home Page

Module Name: Overview

- 1 Search News** – Search results show news items featuring the search term.
- 2 News Filter** – Filter news items by date, subject matter [Tickets, Artists, Music and other news]
- 3 Read more** – Links to full news story

The wireframe shows a news home page layout. At the top is a 'Header' area. Below it is a search and filter section containing a search input field (callout 1), a 'Filter by date' dropdown menu (callout 2), and a 'Go' button. The main content area displays three news items, each with a placeholder image, a 'News headline', a date '13:43 13 / 12 / 2009', a paragraph of Lorem Ipsum text, and a 'read more' link (callout 3). A pagination bar at the bottom of the main content shows '1 - 15 of 100' and a 'Next 15' link. On the right side, there is a 'Latest Events' sidebar with a list of 'Artist - New date' items. At the bottom is a 'Footer' area.

Voucher Redemption

Module Name: Voucher

- 1 Voucher Code Submission** – User enters the code provide in email or if Web service with See Tickets is possible Voucher Code is pre populated from URL user receives in See Tickets purchase confirmation email
- 2 Voucher validation** – Once a valid Voucher code is entered then the user is taken to their My Downloads area where they can download the MP3.
- 3 Disabled Redeem Voucher button** – The 'Redeem Voucher' button in the header is disabled / greyed out on this page to avoid the user clicking away from this page in an attempt to complete the process.

The wireframe illustrates the 'Voucher Redemption' page layout. At the top, a 'Header' area contains a greyed-out 'Redeem voucher' button, marked with a red '3'. The main content area is titled 'Voucher Redemption' and 'Step 2 - Redeem Voucher'. Below this, the heading 'Redeem voucher' is followed by a form consisting of an input field (marked with a red '1') and a 'Submit' button (marked with a red '4'). At the bottom, a 'Footer' area is indicated.

Register

Module Name: Overview

1 Register Details – Standard user details captured for registration to be defined

2 Bands I'd like to be kept in touch about – User enters band events that they would like to see. Once captured this information can be used for marketing.

Need to check against See Tickets registration requirements.

3 Country drop down – User selects their country from a drop down list.

My Downloads

Module Name: Overview

- 1 Download Instructions** – Lets the user know their download options.
- 2 Pagination** – User can navigate their way through their downloads.
- 3 Order info** – Link to order info and printable invoice
- 4 Link to download track** – User can download MP3 track via this link through the browser if they do not wish to get the Download Manager
- 5 Link to download and install the Download Manager** – User can use the Download Manager to download entire Albums from one link.

The wireframe shows a user interface for 'My Downloads'. At the top is a 'Header' area. Below it is a navigation sidebar with links: Account Dashboard, Account Information (callout 1), Address Book, My Orders, My Product Reviews, Newsletter Subscriptions, My Downloads, and My Cart (containing 'You have 2 items in your cart' and a 'Go to cart' button). The main content area is titled 'My Downloads' and contains a block of placeholder text (callout 1). Below the text is a pagination section (callout 2) showing 'Items 1 to 5 of 37 total' and 'Page: 1 2 3 4'. An order number '0012354' is displayed (callout 3). To the right is a 'Get download manager' button (callout 5) and a 'Show 10 per page' link. The main content area features a table with columns for 'Album Name' and 'Date ordered'. Each row includes an 'Artwork' placeholder, the album name, and a 'Track name (Click to Download track)' link (callout 4). The table shows two rows of data. At the bottom is a 'Footer' area.
